

Graduation

Students that have successfully completed the academic program at IUON and the U.S. or Canadian partner school qualify for graduation.

To participate in the graduation, the student must have successfully completed all degree requirements and met all financial obligations to IUON and/or the partner school.

All students expecting to graduate must submit an Application for Graduation. These forms are available from, and should be submitted to, the Office of the Registrar.

This form gives students the opportunity to specify how their names should appear on their diploma. If the name provided does not match IUON records, name change documentation may be required.

Graduates will receive a Bachelors of Science in Nursing Degree.
